

A bank seized the car. Here's how you can *buy it at an auction.*

Where bank-seized and government vehicles are listed in India, how to register and bid, and the papers you need to make the car yours.

You commented "PDF", so here it is. When someone stops paying their car loan EMIs, the bank takes the car back and sells it at an auction. This guide shows you where those auctions happen and walks through every step, from sign-up to RC transfer.

- 1 Where to buy.** Government portals like eauction.gov.in and MSTC, bank and NBFC auction partners like Shriram Automall and eDiig, and auction finders like foreclosureindia.com.
- 2 How to bid.** Register, finish KYC, inspect the car, pay a refundable deposit (EMD) and bid online or at the yard on auction day.
- 3 How to make it yours.** Pay the balance on time, collect the sale letter and the lender's Form 35, and file Form 32 at the RTO within 30 days.

WEBSITES	STEPS	EMD IF YOU LOSE	RC TRANSFER IN
8	10	Refunded	30 days

Where these cars are *actually* sold

Two kinds of sellers, two kinds of websites. Government departments sell old and seized vehicles; banks and NBFCs sell cars taken back after missed EMIs.

WHICH SITE FOR WHICH CAR

eauction.gov.in and **MSTC** are government portals, used by departments and the police to sell their vehicles. Cars that banks and NBFCs take back after missed EMIs are mostly sold through their auction partners and listed on the finder sites further down this table.

PLATFORM	WHO SELLS THERE	WHAT TO EXPECT
GOVERNMENT AUCTIONS		
eauction.gov.in	Central and state government departments, PSUs	Condemned government vehicles and other public assets. Enrolment is free. A Class 3 Digital Signature Certificate (DSC) is needed to sign bids.
mstcecommerce.com	MSTC Ltd (Govt of India) for departments, police, PSUs and some banks	Police-seized and condemned vehicles, scrap. Tamil Nadu Police has auctioned seized vehicles here. Paid one-time buyer registration plus DSC.
BANK AND NBFC REPOSSESSED VEHICLES		
samil.in Shriram Automall	Banks, NBFCs, fleet owners	135+ yards in India, including Coimbatore and Madurai. Physical, online and hybrid auctions. KYC, then a refundable security deposit (RSD) per event.
mahindrafirstchoice.com eDiig Auctions	Only registered sellers: banks and NBFCs	Repossessed, used and scrap vehicles. ID and address proof; onboarding in about 36 hours. 6-month or annual buyer plans.
bankeauctions.com C1 India	70+ lenders including ICICI, Axis, Federal, Yes Bank	Listings show reserve price, EMD, city and dates. Mostly property, with a vehicle section.
baanknet.com	Public sector banks (Finance Ministry's PSB portal)	Built for property auctions. Vehicle auctions have been announced, so check whether they are live in your area.
BANK AUCTION FINDERS AND SERVICE PROVIDERS		
foreclosureindia.com	Not a seller. A listing site (since 2009) that collects notices from 1,000+ lenders	Search cars, bikes and property in one place. Free account shows partial details; full notices need a paid plan. Bidding happens on the bank's own auction site.
auctiontiger.net e-Procurement Technologies	Runs the bidding software for many banks and NBFCs	Each lender gets its own sub-site (for example sarfaesi.auctiontiger.net), named in the auction notice.

Fees, deposits and coverage change. Confirm the current terms on each official site before you register or pay.

How a car ends up *at auction*

A car bought on loan is hypothecated to the lender: you drive it, but the bank holds it as security. The RC says "Hypothecated to ..." until the loan is closed.

STAGE	WHAT HAPPENS
1 EMI missed	Several months of unpaid EMIs. The loan account turns bad.
2 Notice	The lender sends notice and gives the borrower a chance to pay.
3 Repossession	The car is taken back and parked in a yard.
4 Valuation	A valuer inspects it. The lender fixes a reserve price.
5 Auction	Listed online or at an auction yard. The highest approved bid wins.

The lender wants to recover its loan quickly, so these cars are sold through open auctions where anyone registered can bid.

THE ONE THING TO NOTICE

Start from the lender's own website or newspaper notice and follow the link it gives. A "bank auction" link that reaches you only through WhatsApp or Instagram proves nothing.

1 The words in every auction notice

Reserve price

STARTING FLOOR

The lowest bid the seller will accept, fixed after a valuer's report.

"Idhukku keezha kudukka maatanga."

EMD

EARNEST MONEY DEPOSIT

Deposit paid before bidding. Refunded if you lose, forfeited if you win and don't pay.

"Serious-ah irukkeengala nu proof."

RSD

REFUNDABLE SECURITY DEPOSIT

Shriram Automall's name for a deposit that works like an EMD.

"Jeikkalana thirumbi varum."

Bid increment

MINIMUM STEP

Each new bid must beat the last by at least this amount, say ₹2,000.

"Ovvoru bid-um ivlo yeranum."

H1 bidder

HIGHEST BIDDER

Highest bid at close. Usually still subject to the seller's approval.

"First place, aana approval venum."

As is where is

NO WARRANTY

You get the car exactly as it is, where it is parked. No repairs, no returns.

"Eppadi irukko, appadiye."

DSC

DIGITAL SIGNATURE CERTIFICATE

Your online signature on a USB token. Government portals need Class 3.

"Online-la un kaiyethuthu."

Form 35

HYPOTHECATION REMOVAL

Signed by the lender to remove the loan entry from the RC.

"Bank peru RC-la irundhu poganum."

Form 32

AUCTION TRANSFER

RTO form to transfer a vehicle bought at public auction. Within 30 days.

"Ippo dhaan car unnodadhu."

Ten steps, *from sign-up to keys*

Steps 1 to 5 happen before you bid a single rupee. Most bad auction buys go wrong here, not on auction day.

2 Before the auction

- 1 **Pick one or two platforms with a yard near you.** Bank-seized cars: Shriram Automall, eDiig, bankeauctions.com or your lender's own notice. Government and police vehicles: eauction.gov.in or MSTC. A nearby yard means you can inspect.
- 2 **Register and finish KYC.** Keep ready your PAN card, Aadhaar or another address proof, a passport photo, a cancelled cheque or passbook page, mobile number and email. Some platforms charge a one-time or membership fee. Approval can take from a day to about two weeks.
For eauction.gov.in and MSTC, also buy a Class 3 DSC from a licensed certifying authority and map it to your account. It takes 3 to 7 days, so do it first.
- 3 **Shortlist cars and download the full notice.** For each car note the reserve price, EMD, inspection dates, auction date and time, payment deadline, lifting deadline, GST and buyer charges, and who pays pending dues and challans.
- 4 **Inspect the car in person.** Go to the yard during the inspection window, with a mechanic if you can. Match the chassis and engine numbers with the RC. Test drives are usually not allowed, so listen to the engine on idle and look for smoke and leaks.
- 5 **Check its history online.** Enter the registration number on the official mParivahan app or Vahan services on parivahan.gov.in for registration date, insurance and fitness validity, and financier. Check pending fines on echallan.parivahan.gov.in.

THE ONE THING TO NOTICE

Read the "who pays what" lines before the price. Pending challans, road tax arrears and missing keys can quietly become your bill under "as is where is".

Auction day *and after*

Have the full balance in your account before you bid. Deadlines after a win are short and strict.

3 On the day and after you win

- 6 **Fix your maximum bid at home.** Take the price of the same model, year and kilometres on used-car sites. Subtract repairs, tyres, battery, service, insurance, RTO costs, travel and platform charges. What is left is your ceiling.
- 7 **Pay the EMD only to the official account.** Use the method written in the notice, usually NEFT/RTGS or the platform's own payment gateway. Never a personal UPI ID. Keep the reference number.
- 8 **Bid, and stop at your ceiling.** Log in early with your DSC token plugged in if the portal needs it. Bid in the set increment and watch for auto-extension in the last minutes.
Losing bidders get the deposit back. Shriram Automall says cash RSDs are refunded to unsuccessful bidders on the event day itself.
- 9 **If you win: pay, collect papers, lift the car.** After the seller approves, pay the balance plus any GST and buyer fee before the deadline, or you usually lose the EMD. Collect the sale letter, RC, Form 35 and receipts (page 6), then lift the car before the yard's deadline.
- 10 **Transfer the RC and insure it.** File Form 32 at the RTO within 30 days of taking possession and remove the hypothecation. Get insurance in your name before you drive it on the road.

4 The timeline

WHEN	WHAT YOU DO
Week 1	Register, KYC, DSC if needed
Week 2	Shortlist, inspect, check history, set your ceiling
Auction day	EMD paid, bid up to your ceiling and no further
After winning	Pay the balance within the notice's deadline (often 7 to 15 days), collect papers, lift the car
Within 30 days	Form 32 at the RTO, hypothecation removed, RC in your name

Inspect it, *then make it yours*

A repossessed car has often stood in a yard for weeks, and servicing is the first thing people skip when EMIs are hard to pay.

5 What to check at the yard

AREA	CHECK
Identity	Chassis and engine number match the RC; owner number on Vahan; insurance, PUC and fitness validity; pending challans; number of keys
Body	Uneven panel gaps or paint shades (accident repair), rust under doors and boot floor, water lines or damp smell (flood), fresh welding
Engine	Clean cold start, no knocking, no blue or thick white smoke, no oil leaks or milky oil, clutch and gears, dashboard warning lights
Wear items	Tyre tread and manufacturing date, battery (often dead after parking), brakes, AC, power windows, odometer vs overall wear

6 Papers to collect before you leave

DOCUMENT	WHY YOU NEED IT
Sale letter / sale certificate	Proof of sale to you, signed by the person authorised to conduct the auction
Original RC	The registration you are transferring (or papers for a duplicate)
Form 35, signed by lender	Removes "hypothecated to" from the RC
Lender's NOC / authority letter	Shows the lender had the right to sell; also needed for another state
Receipts and tax invoice	EMD, balance, GST and fee receipts for the RTO and your records
Form 32 at the RTO	Transfer for a public auction purchase, within 30 days of taking possession, with the sale certificate, RC, insurance and fee

For a vehicle sold by a government authority, the RTO also asks for a copy of the order that authorised the auction. Registering in another state needs an NOC and fresh registration. Fees vary by state; check parivahan.gov.in and your RTO.

How the facts *were checked*

Platform rules and fees change often. This is where each fact came from, checked on 3 October 2026.

1. eAuction India portal, built by NIC: Help for Bidders and DSC Information pages (free enrolment, Class 3 DSC).
2. MSTC Ltd e-auction customer registration procedure, mstcecommerce.com.
3. Shriram Automall India Ltd, samil.in: buyer process, RSD refund policy, 135+ locations.
4. Mahindra First Choice, eDiig Auctions: sellers are registered banks and NBFCs; buyer onboarding.
5. C1 India, bankeauctions.com: vehicle listings and participating lenders.
6. ForeclosureIndia (a unit of M/s 4 Closure), foreclosureindia.com: listing aggregator, free and premium plans.
7. Bank auction notices naming M/s e-Procurement Technologies Ltd (Auction Tiger) and auctiontiger.net sub-sites, e.g. Bank of Maharashtra, Can Fin Homes.
8. Press Information Bureau, Ministry of Finance: launch of BAANKNET and e-BKray for PSU bank e-auctions (2025).
9. Central Motor Vehicles Rules, Form 32 (Rule 57): transfer of a vehicle bought in public auction within 30 days, via parivahan.gov.in and state transport departments.

7 Check it yourself

WHAT	WHERE
Government vehicle auctions	eauction.gov.in · mstcecommerce.com
Vehicle registration details	parivahan.gov.in · mParivahan app
Pending traffic fines	echallan.parivahan.gov.in

DISCLAIMER

This guide is for education only. It is not legal, tax or financial advice, and it does not recommend any specific vehicle, auction, bank or platform. I am not affiliated with or paid by any platform, bank or NBFC named here.

Auction terms, deposits, fees, GST and RTO procedures are set by each seller, platform and state, and they change. Vehicles are sold as is, often without test drives, warranty or returns, and you can lose your deposit if you miss a payment deadline. Read the full auction notice, verify on the official sites, and speak to a qualified professional before you commit money.
