FREE GUIDE · @BUILDWITHABINASH

₹9,250 every month, *from the post office.*

The full numbers behind the Post Office Monthly Income Scheme, the rules that decide what you get, and how to open one.

You commented "PDF", so here it is. The video showed how a ₹15 lakh joint deposit in the Post Office Monthly Income Scheme pays ₹9,250 a month. This guide checks that number, shows what you get at smaller amounts, and walks through tax, early exit and the paperwork.

1. **The maths holds up.** 7.4% a year on ₹15 lakh is ₹1,11,000, which is ₹9,250 a month, for 5 years.
2. **₹15 lakh is only for joint accounts.** A single account stops at ₹9 lakh, which pays ₹5,550 a month.
3. **The ₹9,250 is taxable.** What lands in your pocket depends on your tax slab, and your ₹15 lakh comes back only after 5 years.

DEPOSIT	RATE	LOCK-IN	EVERY MONTH
₹15 lakh	7.4%	5 yrs	₹9,250

PART 1 · THE NUMBERS FROM THE VIDEO

Where the ₹9,250 *comes from*

I checked each claim from the video against the rules for October to December 2026.

1 The calculation

STEP	AMOUNT	NOTE
Deposit (joint account)	**₹15,00,000**	The maximum allowed in a joint account
Interest for one year	**₹1,11,000**	₹15,00,000 × 7.4%
Interest every month	**₹9,250**	₹1,11,000 ÷ 12
Interest over 5 years	**₹5,55,000**	₹9,250 × 60 months
Back at maturity	**₹15,00,000**	Your deposit, returned after 5 years

Simple interest, paid out monthly. Nothing compounds inside the scheme. Before tax.

2 Claim by claim

WHAT THE VIDEO SAID	CHECK	WHAT THE RULES SAY
Rate is 7.4%	CORRECT	7.4% a year for Oct to Dec 2026, unchanged since April 2023
Joint account with your wife	CORRECT	Up to 3 adults can hold one joint account
Invest ₹1,000 to ₹15 lakh	CORRECT	Minimum ₹1,000, in multiples of ₹1,000. ₹15 lakh is the joint limit
₹9,250 a month on ₹15 lakh	CORRECT	Matches the maths above, before tax

THE ONE THING TO NOTICE

The ₹9,250 is interest only. Your ₹15 lakh stays locked for 5 years and comes back in one piece at the end.

ABOUT THE "FD" AND "UP TO" IN THE VIDEO

Two small fixes. The rate is not "up to" 7.4%: every account opened this quarter gets exactly 7.4%, fixed for 5 years. And MIS is not an FD. It works a bit like one, but it is a separate scheme with its own limits and exit rules.

PART 2 · HOW MIS WORKS

The rules, *on one page*

MIS is a government-backed small savings scheme run through post offices. You put in a lump sum once and get interest every month.

3 The scheme at a glance

RULE	DETAIL
Interest rate	7.4% a year (Oct to Dec 2026). The government reviews small savings rates every quarter, but the rate you open at stays fixed for your full 5 years.
Minimum deposit	₹1,000, and then in multiples of ₹1,000
Single account limit	₹9,00,000
Joint account limit	₹15,00,000, with up to 3 adult holders
Your total across accounts	Your share across all your MIS accounts cannot cross ₹9 lakh. In a joint account, each holder's share is counted equally.
Deposit type	One lump sum when you open. To invest more later, you open another MIS account, within the limits above.
Interest payout	Every month, starting one month after you open, usually credited to a linked post office savings account. Interest you leave unclaimed earns nothing extra.
Tenure	5 years, then your deposit is returned
Who can open	Resident Indian adults, and minors through a guardian. NRIs cannot open one.
Nomination	Allowed, and recommended

THIS TOOK ME A WHILE TO GET

MIS does not grow your money. It turns a lump sum into a monthly income. The monthly interest is all you earn, so what you do with it decides your real result.

A SHORTCUT I USE NOW

If the interest lands and you don't need it that month, move it into a recurring deposit or another investment yourself. Interest left sitting in the savings account only earns savings account interest, not 7.4%.

PART 3 · WHAT YOU GET AT YOUR AMOUNT

You don't need ₹15 lakh *to start*

The same 7.4% applies at every amount. Here is the monthly payout at a few common deposit sizes.

4 Monthly income by deposit

DEPOSIT	EVERY MONTH	EVERY YEAR	OVER 5 YEARS
₹1,000	₹6	₹74	₹370
₹1,00,000	₹617	₹7,400	₹37,000
₹3,00,000	₹1,850	₹22,200	₹1,11,000
₹5,00,000	₹3,083	₹37,000	₹1,85,000
₹9,00,000 (single max)	₹5,550	₹66,600	₹3,33,000
₹15,00,000 (joint max)	₹9,250	₹1,11,000	₹5,55,000

Before tax. Monthly figures rounded to the nearest rupee. The ₹1,00,000 row is ₹616.67 a month exactly.

5 Single or joint?

ONE JOINT ACCOUNT

- Up to ₹15 lakh in one account
- ₹9,250 a month at the maximum
- Each holder's share counts as ₹7.5 lakh
- One passbook, one payout

TWO SINGLE ACCOUNTS

- Up to ₹9 lakh each, so ₹18 lakh for a couple
- ₹5,550 each, ₹11,100 a month together
- Interest is taxed in each person's own name
- Two passbooks to manage

WHAT FINALLY SETTLED IT FOR ME

The joint account in the video is simple and convenient. But if a couple has more than ₹15 lakh to park, two single accounts allow up to ₹18 lakh in total.

PART 4 · HOW TO OPEN ONE

Opening MIS, *step by step*

You do this at a post office. It usually takes one visit if your papers are ready.

6 What to carry

Identity and address
Aadhaar card. Carry the original and a photocopy.

PAN card
Needed for KYC. Original and a photocopy.

Photographs
Recent passport-size photos of every holder.

Savings account
A post office savings account. Interest is credited here.

Account opening form
The MIS form, available at the counter.

The deposit
Cash or cheque. Large amounts are usually easier by cheque.

7 The steps

1. **Open a post office savings account first** if you don't have one. Do it in the same name, or the joint names, you plan to use for MIS.
2. **Fill the MIS form.** Choose single or joint, enter the deposit amount in multiples of ₹1,000, and add a nominee.
3. **Submit KYC documents** for every holder, with photos.
4. **Pay the deposit.** Ask for the payout to be credited to your post office savings account.
5. **Collect your passbook** and check the amount, rate, opening date and nominee are all printed correctly.
6. **Mark the maturity date** in your calendar: exactly 5 years from the opening date.

> A SHORTCUT I USE NOW
>
> Before you go, call or visit your branch once to ask which documents and form version they want. Requirements can differ a little between branches, and one quick check saves a second trip.

What you *actually keep*

The ₹9,250 is before tax. And if you need your money back early, there is a cost.

8 Tax on the interest

MIS interest is added to your income and taxed at your slab rate. The deposit does **not** get a Section 80C deduction. Show the interest in your income tax return every year.

IF YOUR TAX SLAB IS	TAX PER YEAR	KEPT PER YEAR	KEPT PER MONTH
5%	₹5,772	₹1,05,228	₹8,769
20%	₹23,088	₹87,912	₹7,326
30%	₹34,632	₹76,368	₹6,364

On ₹1,11,000 of yearly interest from a ₹15 lakh deposit. Includes 4% health and education cess. Ignores surcharge and rebates. If your total income is low enough, you may owe no tax at all.

9 Closing before 5 years

WHEN YOU CLOSE	RULE	ON ₹15 LAKH
Before 1 year	Not allowed	Locked
1 to 3 years	2% of the deposit is deducted	₹30,000
3 to 5 years	1% of the deposit is deducted	₹15,000
After 5 years	Full deposit returned	₹0

10 Good habits

1. **Keep an emergency fund outside MIS.** Money you might need in the first year should not go in.
2. **Use the monthly interest on purpose.** Spend it on a planned expense or move it somewhere it keeps working.
3. **Remember inflation.** ₹9,250 buys less in year 5 than in year 1, because the payout never increases.

WORDS YOU'LL HEAR

The glossary, *in plain words*

The terms you will see on the form, the passbook and at the counter.

MIS / POMIS

POST OFFICE MONTHLY INCOME SCHEME

A 5-year deposit at the post office that pays interest every month.

"Maasa maasam vatti kaila varum."

Small savings scheme

GOVERNMENT SCHEME

Savings schemes backed by the Government of India, like PPF, NSC, SCSS and MIS.

"Arasaanga backing irukkura scheme."

Interest rate

PER YEAR

The percentage of your deposit paid to you each year. 7.4% for MIS right now.

"Varushathukku evlo vatti nu solradhu."

Single account

ONE HOLDER

An MIS account in one person's name. Limit ₹9 lakh.

"Oru aalu peyarla mattum."

Joint account

UP TO 3 ADULTS

One account held together by up to 3 adults. Limit ₹15 lakh, shared equally.

"Rendu moonu peru serndhu."

Principal

YOUR DEPOSIT

The money you put in. In MIS it comes back to you after 5 years.

"Neenga pottha original kaasu."

Maturity

END OF 5 YEARS

The date your account completes its term and your deposit is returned.

"Panam thirumba kaila varra naal."

Premature closure

EARLY EXIT

Closing before 5 years. Allowed after 1 year, with 1% or 2% deducted.

"Munnadiye eduthaa konjam cut aagum."

Lock-in

CAN'T WITHDRAW

A period when your money cannot be taken out. For MIS, the first year.

"Andha time-la edukka mudiyaadhu."

POSB account

POST OFFICE SAVINGS BANK

A savings account at the post office. Your MIS interest is credited here.

"Vatti vandhu vizhura account."

KYC

KNOW YOUR CUSTOMER

Proving who you are with Aadhaar, PAN and photos before opening an account.

"Neenga yaarunu proof kudukkradhu."

Nominee

WHO GETS IT NEXT

The person who receives the money if the account holder passes away.

"Ungalukku apram yaarukku pogum."

Tax slab

YOUR INCOME TAX RATE

The rate at which your income is taxed. MIS interest is taxed at this rate.

"Unga income-ku evlo tax nu."

Section 80C

TAX DEDUCTION

A tax deduction for some investments. MIS does not qualify.

"MIS-ku indha benefit kidaiyaadhu."

Inflation

RISING PRICES

Prices going up over time, so the same rupee buys less later.

"Vilaivaasi yerum, kaasu madhippu kurayum."

SOURCES AND DISCLAIMER

How the *numbers* were worked out

Every figure in this guide comes from the sources below or from a simple calculation on top of them.

1. **Interest rate.** 7.4% a year for October to December 2026, unchanged from the previous quarter. Small savings rates announced by the Ministry of Finance on 30 September 2026, as reported by Upstox ("Post Office Monthly Income Scheme (POMIS) interest rate for October-December 2026").
2. **Limits and rules.** Minimum ₹1,000 in multiples of ₹1,000; ₹9 lakh single and ₹15 lakh joint; up to 3 joint holders; 5-year tenure; nomination; no Section 80C benefit; NRIs not eligible. Post Office MIS rules as summarised by Upstox and ClearTax ("Post Office Monthly Income Scheme (POMIS)").
3. **Premature closure.** Not allowed before 1 year; 2% of the deposit deducted between 1 and 3 years; 1% between 3 and 5 years. Same sources as above.
4. **Monthly interest.** Deposit × 7.4% ÷ 12. Example: ₹15,00,000 × 0.074 = ₹1,11,000 a year, ÷ 12 = ₹9,250 a month. All figures computed by script and rounded to the nearest rupee.
5. **Tax table.** ₹1,11,000 × slab rate × 1.04 (4% cess). Surcharge, rebates and other income are not included, so your actual tax may differ.
6. **Early exit cost.** ₹15,00,000 × 2% = ₹30,000 and ₹15,00,000 × 1% = ₹15,000.

Rates and rules are as of November 2026. Small savings rates are reviewed every quarter, so check the current rate at your post office before you deposit.

DISCLAIMER

This guide is for education only. It is not investment, tax or legal advice, and it does not recommend any specific product or company. I am not a SEBI-registered investment adviser. Post Office MIS rates and rules are set by the Government of India and can change every quarter. Figures are examples and can change. Check the current rules with India Post and speak to a tax professional or a SEBI-registered adviser before acting.

Opened an MIS account? *Tell me how you plan to use the monthly interest* in the comments.
